Phillip Ross of Argentine, Kansas has been quite ill since his return from California where he visited his children recently, but is improving nicely.

Albert L. Rummons of 1306 Highland avenue is slowly improving after a very serious illness of general peritonitis. Mrs. Jane Wingo, a nurse of Platte City, Mo., is still assisting the family in caring for him.

Misses Cassie Fleming of Colorado Springs and Irene Smith of Topeka were the guests of Miss Claudia L. Quarles during the holidays and were the guests of honor at a formal dinner party given by their hostess December 29.

REWARD.  
LOST—A diamond screw earring with black pendant, supposedly in Allen Chapel last Sunday morning. Liberal reward for return.—Mrs. Fannie Morton, 19003 Paseo.

IN MEMORIAM.  
In sad and loving memory of our dear son and brother, William G. Allen, who passed away two years ago, January 10, 1914.  
Without a murmur he bore  
His pain, afflicted sore  
His willing hands can work no more  
He has gone, but not forgotten.  
Mrs. Elizabeth Allen, mother.  
Lena Allen,  
David Allen,  
Rev. J. E. Allen,  
Louise Allen.

VINE STREET BAPTIST CHURCH.  
Messames Yocum and Cuba have been sick for some time, but are somewhat improved at this writing. The Sunday School and Mission Circle are doing fine. The B. Y. P. U. held their election last Sunday and the following officers were elected: Mr. Warren, President; Miss Warren, secretary; Nettie Cooper, treasurer. We hope they will do much for the betterment of the B. Y. P. U. Dr. T. H. Ewing will give one of his famous lectures Sunday evening. Subject, "The Value of a Dime." Don't fail to hear him. Come early and secure a good seat.

Dear Editor:  
It is with great pleasure that we report the almost complete recovery of Mr. A. W. Johnson, 1202 East 17th street, who has been ill with Pneumonia, and although given up, he was through the efficient care of Dr. J. E. Dibble, restored and put on the road to recovery. He is a member of New Era lodge No. 40, K. of P., whose members visited and sat up with him night and day and great thanks are extended the lodge. Mr. Johnson has lived in Kansas City all of his life of 46 years, and has been in the ice and coal business here for 17 years at 118 West 7th street. During his illness many white business men of the city visited him and cheered him with laughable stories, which worked wonders in bringing him to the front and kept him with the living.

## Women's Clubs.

OAK LEAF CLUB.  
Oak Leaf club members enjoyed the trip to Kansas City, Kas. The club will meet with Mrs. W. D. Lewis, 321 West Armour boulevard, January 21. MRS. TONEY, Pres. E. WANZER, Secy.

Mrs. Randall Lillard, 622 Steptoe Ave. took suddenly ill last Sunday evening.

## Heart Letters.

No letters written for a multitude to read can ever have that close contact with the inner consciousness of a human being, and so I want you to make a resolution to send me, at least, a "heart letter" every month for 1916, so that we can have the book ready for next New Year, and as a matter of course, everyone whose contribution is selected will receive an autographed copy of the new book as it comes fresh from the press. Let us make "Heart Letters" the one distinctive feature of Uncle Sam's mail service for 1916.—"Let's Talk It Over," in National Magazine.

Why Teeth Chatter.  
Although the muscles which affect the action of the jaws are especially under the control of the brain, the chattering of the teeth is really a spasm caused by chill or fear, and all spasms act independent of the will. The muscles which operate the jaw act in a series of involuntary little contractions which pull the jaw up and permit it to fall of its own weight. This action is quick, and the chattering occurs from frequent repetition. The cold has a similar effect upon the jaw muscles to that which some poisons have in causing spasmodic action in other parts of the body.

A Bit Twisted.  
Paddy one day became the proud father of twins. The christening ceremony arrangements were made and Pat was instructed by his wife, Moya, that the babies' names were "Kate" and "Sidney." While making his way to the church, repeating the names, "Kate" and "Sidney," Pat was met by several friends, who wished to drink to the babies' health. By the time all had paid for a round Pat was a wee bit mixed. He arrived at the church in good time, but when the clergyman asked for the names of the children Pat replied: "Steak and Kidney."—Young's Magazine.

Birds' Nest Industry.  
An important feature of the export trade of Siam is the birds' nest industry. According to figures furnished by American consular officers in that country, the shipments for a recent year amounted to nearly twenty thousand pounds, the value of which was in excess of \$100,000. For the most part the Siamese nests are sent to China, Hongkong and Singapore. It is scarcely necessary to add that the value of these nests lies in the fact that they are edible. In the far East birds' nest soup is deemed a great delicacy.

Early Days of Lead Pencils.  
It is not easy nowadays to find a lead pencil that is not too old at forty, as it were. In the early days of lead pencils the produce of the Seawhite mine was deemed so valuable that strong guards of soldiers were engaged for its protection, and a special act of parliament was passed penalizing illicit traffic in plumbo, which then realized from three to five shillings an ounce. Although the miners were stripped and carefully searched when leaving off work, says the London Chronicle, they managed to smuggle a good deal of produce out of the mine.

How Billiard Balls Are Constructed.  
Do you who play billiards ever wonder how the balls are made? The best material is the tusks of cow elephants. Their tusks are not so curved as those of the male, and the fine nerve passage cannot be traced so clearly. When ivory dries, say the makers of the balls, it shrinks. The shrinkage is greater in width than it is in length, in the case of the tusk. Billiard balls, after being turned in the rough, are kept in a warm room for a long time, sometimes for two years. After shrinking they are turned again and to the "true."

Something Gained.  
For everything you have missed you have gained something else. The whole story of earthly existence is one of compensations. Many a gift we craved and were denied, held in its train life we are glad to have been spared. Many a sorrow that has darkened our way, though its memory is bitter, still remain bitter, has wrought some change of character or conditions that we would be unwilling to give up. The allotment of joys and griefs is more carefully measured than we are accustomed to think, and the lives of men more nearly equal.

Somewhat Mixed.  
A careful estimate has been made recently of the proportion of citizens of foreign birth and descent throughout the United States which proves of especial interest at the present time. According to Prof. Albert B. Faust of Cornell university, who has made a special study of the subject, the country contained in 1910, 32,243,382 people of foreign birth, or 35 per cent of the entire white population. Of this number 13,345,545 were foreign born; 12,916,311 had been born in America of foreign-born parents, and 5,981,526 had one such parent. According to the statistics a large proportion of the foreign-born population, or at least those of foreign birth, are of German origin. There are 8,282,618 Germans and some 4,504,360 of Irish descent and 3,231,953 classified as English, Scotch and Welsh. Canada contributed 2,754,615 to the so-called foreign population; Austria-Hungary, 2,701,680; Russia, 2,641,449; Italy, 2,098,360, and the Scandinavian group, including Swedes, Norwegians and Danes, 1,742,378. All the other countries totaling some 1,177,092.—The Christian Herald.

## T. R.'S TRIBUTE TO BOOKER T.

The Late Negro Educator's Memory Honored in Tuskegee.

Tuskegee, Ala., Dec. 12.—Ex-President Roosevelt, addressing a large gathering at Tuskegee Institute, paid tribute to the memory of Booker T. Washington, Negro educator, author and publicist. Some of the foremost citizens of the state and nation attended the memorial services, which were presided over by Seth Low, ex-mayor of New York and president of the board of trustees of Tuskegee Institute.

Col. Roosevelt declared Dr. Washington directed his life work toward making Tuskegee Institute, which he founded, an asset to the state and nation. He also asserted that when he was in the White House Dr. Washington was one of the few men to whom returned for advice because he "knew that he would not give me one word based on a selfish motive but because he would state what in his best judgment was for the best interests of the people of the entire country."

"Booker T. Washington realized that the respect of the Southern white man was the greatest asset he possessed in his work," said Roosevelt. "His sole purpose was to handle Tuskegee Institute so that it would be an asset to the South, and in this he succeeded."

"Booker T. Washington had justice, loved mercy and walked humbly. His every step helped others. His monument lies in the minds and memories of those whom he has served and uplifted."

"The nation profited by Dr. Washington's work because he believed economic fitness was the greatest asset that can be possessed by the Negro race. He taught honesty, cleanliness and efficiency."

Saving From Old Feathers.  
One of the most astonishing things accomplished by the new conservation is the gathering up of the fragments of feathers. The Lewis and Clark expedition used to pick the hens and geese, snare the feathers and use them for beds. But science has shown that these sun-cured feathers were really very unclean. Today the pillow manufacturer takes out tons and tons of dirt from similar feathers. This is partly dust, but mostly it consists of small pieces of flesh and skin that adhere to the feathers. For years pillow makers paid teamsters so much a load to haul away this waste. Now it is known that this waste is rich in nitrogen, and so is a good fertilizer. Now it sells for \$10 a ton. What would our grandmothers think if they knew the inside story of their feather beds?

Bad as the Cat.  
The news from Abyssinia. The world at large surmises. Menelik's had twenty lives. And just the same demises.

The Combination.  
"So your dentist decided you had a sympathetic tooth?"  
"He did, and his bill was the last sympathetic touch."

## Sex the Key to the Bible

The World's Three Greatest Books  
By Sidney C. Tapp, Ph.D.  
"The Truth About the Bible" about five hundred pages, \$2.00. "Why Jesus Was a Man and Not a Woman," three hundred pages, \$2.00. "The Psychology of the Bible," over one hundred and seventy-five pages, \$2.00. All cloth-bound. These books treat of the sex of the Bible, and show that the Bible is a book of sex and a book of spirit, and that sex is the divine principle behind the physical and spiritual worlds. They show that disease, sickness and insanity are within the sex, and that sex is the original sin and cause of death. They are arresting the attention of the medical, scientific, philosophical and theological worlds and people of all classes as no other books of modern times, and will probably do more to shape the thoughts of the human race than any books ever written in the history of the world. They are daily going to the great thinkers of all parts of the civilized world. "I would rather be the author of the Truth about the Bible," by Sidney C. Tapp, than to be the President of the United States. His conclusions are so unanswerable that the human intellect staggers under the ideas presented. For sex is it the world's greatest book. Mr. Tapp's book will be a revelation to the people. It will show the Bible as a book of sex and a book of spirit, and that sex is the divine principle behind the physical and spiritual worlds. They show that disease, sickness and insanity are within the sex, and that sex is the original sin and cause of death. They show that disease, sickness and insanity are within the sex, and that sex is the original sin and cause of death. They are arresting the attention of the medical, scientific, philosophical and theological worlds and people of all classes as no other books of modern times, and will probably do more to shape the thoughts of the human race than any books ever written in the history of the world. They are daily going to the great thinkers of all parts of the civilized world. "I would rather be the author of the Truth about the Bible," by Sidney C. Tapp, than to be the President of the United States. His conclusions are so unanswerable that the human intellect staggers under the ideas presented. For sex is it the world's greatest book. Mr. Tapp's book will be a revelation to the people. It will show the Bible as a book of sex and a book of spirit, and that sex is the divine principle behind the physical and spiritual worlds.
